Lynn et al.,

I have completed my review of the RDX assessment. As a secondary reviewer, I read all of Chapter 2 and selected sections of Chapter 1 **Deliberative Process / Ex. 5**

Deliberative Process / Ex. 5

Finally, I have attached a marked up version of the document that contains my more minor comments and some editorial suggestions for the assessment team's consideration.

Just a heads up about how I think the meeting will generally proceed tomorrow. Any comments welcome. I will attach the agenda (see draft below) to the invite later today.

Subject: FW: Interagency redline copies of RDX assessment for ERC review

Dear RDX ERC team:

Deliberative Process / Ex. 5

So, to hopefully be clear---

The RDX assessment has been through Agency and interagency review.

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Most of the time, the changes are just due to interagency comments and maybe a few things here and there that we change on our own.

This instance is very different and for good reason!

The changes that have been made since interagency review are in response to:

Deliberative Process / Ex. 5

I hope this doesn't muddy the waters.....

Thanks!

Lynn

Hi Lynn,

Per our hallway conversation, I've attached redline/comparisons of the current public comment draft of RDX to the IASC draft released back in September. Hopefully everything converted smoothly.

A summary of the quantitative changes is already in the fact sheet.

Sorry to forget this upon initial submission. Hope it can still serve as a resource!
